CCOT TOOL

Name: Date:

Part 1: Fill in the following information for the assigned topic.

Periodization (start and end dates or periods of time chosen)

Using your knowledge from the course, what big changes or continuities would you expect to see in this period?

Part 2: Write down as many changes and continuities as you can think of for the assigned topic. Then, label each using the applicable frame or frames: COMM (communities), NET (networks), and P&D (production and distribution).

Continuities	Changes

Name: Date:

What were the most significant changes? Were these positive or negative?

What were the most significant continuities? Were these positive or negative?

CCOT TOOL

Name: Date:

Part 3: Place each of the most significant continuities and changes you identified in Part 2 in the appropriate place on the graph below.
