

UNIT 7 PROBLEM NOTEBOOK

Preparation

- Make sure you have the UP Notebook worksheets that you partially filled out earlier in the unit.

Purpose

This is a continuation of the UP Notebook activity that you started in this unit. As part of WHP, you are asked to revisit the Unit Problems in order to maintain a connection to the core themes of the course. Because this is the second time you're working with this unit's problems, you are asked to explain how your understanding of the unit's core concepts has changed over the unit. Make sure you use evidence from this unit and sound reasoning in your answers.

Process

Fill out the second table on your partially completed worksheet from earlier in the unit. Be prepared to talk about your ideas with your class.
